Specialty Services

Service is the reason many of the world's leading OEM manufacturers choose to partner with BDI in managing their supply chain. Typical tier 1 suppliers are not interested in performing the granular tasks and paying the attention to detail that ensures success. BDI has created a hybrid supply chain of distinct service and overall reduced costs to improve the OEM manufacturer's bottom line, and also help with lean manufacturing processes.

• PMI - Partner Managed Inventory

- Reduced on hand inventory
- Improved cash flow
- Reduced lead times
- Ability to order by a single Bill of Material instead of multiple part numbers
- Bar coded inventory
- Scheduled Just In Time delivery
- Real time inventory analytics

• Bulk Chemicals Management

- Metal Working
- Assembly Adhesives
- Paints
- Surface Treatment, Nanoceramic
- Lot Control
- Date Coding
